Would your child benefit from one-on-one support within our programs?

To ensure your child has the best possible experience and receives the support they need, families are encouraged to arrange additional support prior to program participation.

The Supported Child Development Program (SCD) through Vancouver Island Health Authority (VIHA) works with families by offering resources, ongoing support, observations, and training. We recommend contacting them early as demand is high.

Not eligible for SCD support? Inclusion Leaders may be available to provide support for your child free of charge. Interested in other Inclusion opportunities? Please contact Ryan at 250.360.3359 or rjsmith@panoramarec.bc.ca
