EARTH DAY .CA

Have a great weekend everyone and please be reminded that “passion is lifted from the earth itself by the muddy hands of the young; it travels along grass-stained sleeves to the heart. If we are going to save environmentalism and the environment, we must also save an endangered indicator species; the child in nature,” Richard Louv.

Providing our children with rich experiences in nature is just one way to foster a deep love for our planet. This love translates to future action, as children’s knowledge about the environment grows over the years.

With gratitude for this amazingly beautiful blue and green ball we call home,

Mary Lynn Heron

Have you noticed that your child all of a sudden doesn't have near as many clothes as they did in September? Please come and visit our **Lost and Found** department to see what we may have in store! You can come into the school (always come through the front door and check in with the office please) and go shopping through our assortment of garments, shoes, containers and miscellaneous other items. When the weather is nice you may even see our rolling racks out in the front courtyard for your viewing pleasure!

We look forward to seeing you!
