## June 29 Last Day of School

**Hello Families!**

You might have noticed that our students have been hard at work renovating, planting and maintaining our school garden. Thank you PAC for supporting this venture with soil, mulch, tools, seeds and plants! Over the summer, please feel free to visit the garden and harvest some fruit and vegetables (raspberries, blueberries, kale, arugula, spinach, radishes, figs, etc.). If you would like to visit, please also spend a few minutes pulling some weeds from the pathways or gardens and putting them in our new compost bins. It would be so helpful as we're away for the summer!

**Thank you!**

Does your child have any medications at school? Please pick them up from the office on or before the last day of school (June 29th).

We look forward to connecting with you in September about new medical plans!

# Soft Plastics Drive

Do you have any Soft Plastics for Recycling? Ms. Wergeland's class is hosting a soft plastics recycling drive and would love to have your soft plastics! Families are welcome to bring their soft plastics in, or send it with their children to school. Students can bring it to the large labelled bag outside of Ms. Wergeland's classroom (Room 15).
